www.snakepower.org

The Cahuilla Lodge #127 along with the Bureau of Land Management is proud to announce the 2022 annual service project. This service project will be at the southeastern corner of Sheephole Valley Wilderness. The event will improve naturalness within and adjacent to the Sheephole Valley Wilderness. We will be cleaning debris, improving camping areas, installing fences and assisting with restoration. There are multiple sites with projects available for Cub Scouts, Boy Scouts, and Venturing Crews.

For an interactive online map with directions please visit

<https://goo.gl/maps/zFYnUZ4fFX2R9EVA7>

A primitive campsite will be available for scouts adjacent to Highway 62. This site will be marked for incoming groups.

The campsite and project gathering location is at: Lat. 34° 5'44.56"N, Long. 115°39'14.40"W

This site is 130 miles from Riverside, 89 miles from Palm Springs, 24 miles from Twentynine Palms, CA and 130 miles from Bullhead City, AZ.

For more information or if you have questions then please contact Ken Charles at phone 760-819-3697 or email kennithcharles@gmail.com.

MORE INFORMATION ON THE BACK.

Transportation- Anyone helping transport scouts to any of the service project sites will need to use a high clearance vehicle. The dirt road leading to one of our project sites has some loose pack dirt that will be tricky to drive through.

The nearest gas station to the service project sites is 24 miles away in Twentynine Palms and the service project sites are 15 minutes away from our meeting area. Please top off your gas in your vehicle in Twentynine Palms before heading out to our meeting area shown on the map on the front of this flyer.

Camping, Food, And Facilities- Due to the distance from populated areas, it is recommended that scouts camp out on Friday night and (if needed) Saturday night. There will be primitive camping available at the service project gathering location shown on the front page of this flyer.

Camping on either Friday night or Saturday night will be on your own or with your unit. If you plan on camping on Saturday night, then you will need to provide your own food, water, and bathroom facilities

Everyone will need to provide their own dinner on Friday evening. Cahuilla Lodge will provide Saturday breakfast and lunch. Saturday night dinner and Sunday morning breakfast will also be on your own.

There will be outhouses available at each service project site and camping area on Friday night through Saturday evening.

What To Bring- Scouts will need to bring face covering or mask due to Covid-19, work clothes, work gloves, rakes, shovels, water, snacks, sunscreen, sun hat, 10 essentials, tent and sleeping bag if you are camping, a copy of the Scouts BSA medical form with parts A & B completed and a completed BLM Volunteer Service Agreement form.

Registration And Cost- There is no cost to participate in this service project. Everyone can register to attend by visiting the Cahuilla Lodge website at www.snakepower.org. When you register, please indicate if you will be camping on Saturday night or staying for Saturday night dinner.

Everyone participating in the service project are required to provide a copy of their Scouts BSA medical form with parts A & B completed and the BLM Volunteer Services Agreement completed. A copy of the BLM Volunteer Services Agreement can be downloaded from the Cahuilla Lodge website at www.snakepower.org. Without these two forms you may not participate in the service project.
