## **Objective of the Ceremony Expert Program:**

The objective of the Ceremony Expert Program is to develop and train youth and adults to present highly effective and inspirational ceremonies. The program will also teach the elements of successful ceremonial performances to each team. Leading trainers will assist each youth with developing skill in delivering the part of his character and his relationship with his other characters, allowing that person to be both a strong individual and team player. Adults will be trained to coach and advise the youth, helping with memorization and technical details while keeping a careful eye on the overall performance of the team.

With the successful implementation of this program, Cahuilla Lodge will field many strong ceremony teams that will be an asset at Ordeal Induction Weekends and be a strong player in Section and National Competitions.

## **Outline of the Ceremony Expert Program:**

In order for a system to be developed and run efficiently, it is important to understand the program's organization. The Second Vice Chief and his advisor oversee the program. They are in charge of appointing certifiers based on their own judgment. It is recommended that those who are appointed have had lots of experience in ceremonies. These certifiers may be temporary or permanent depending on the situation. The certifiers will fill out a form evaluating the performance of the youth and/or team. He will then "recommend" to the Second Vice chief whether or not they should be certified. His recommendation should be considered and approved by the Second Vice Chief.
